

YOUNG PRODUCERS CLASS UPDATE

The USPB Young Producers Class (YPC) program began in 2016 with a goal to provide young men and women an opportunity to become better acquainted with USPB. Since the first class, attendees have toured the National Beef processing plant in Dodge City, Kansas; the USPB headquarters and the Kansas City Steak Company in Kansas City, Missouri; and the National Beef Leathers in St. Joseph, Missouri.

Unfortunately, the pandemic forced cancellation of YPC activities. Access to National Beef

facilities is a crucial part of YPC, and it was best to reconvene activities once access to facilities was possible. At this time, the date outside guests can access National Beef facilities is unknown; however, we remain hopeful for access in late summer.

If you know a young staff member who can benefit from participation in YPC, please email us at uspb@uspb.com. We will be in touch to learn the specifics of the individual for consideration in upcoming YPC classes. ♦
