

VISIT THE USPB WEBSITE

Access the USPB website at www.uspremiumbeef.com. The website now offers an interactive Choice/Select (C/S) spread graph. On the home page, click “Marketing Cattle,” then click “Market Data.” The C/S graph displays current year-to-date data, 2021 data, and averages from 2016 to 2021.

Other USDA reports are available that describe market

data pieces, including boxed beef prices and regional cash cattle reports.

We encourage you to check out the “News and Information” section to view articles from previous newsletters. Videos of USPB producers that were highlighted in previous newsletters are located at the bottom of the page. ♦
